

The Empires Series

Where Do I Start?

For all those who are perplexed when seeing the range of products available for Empires and don't know which one to choose, we have released this download to explain all the Empire rulesets that we have written and the variations each ruleset gives you.

Step One – Which Dice System?

The Empires core ruleset is needed to play Empires and is available in four different formats:

1. [Empires D6 Edition: Uses a D6 \(a dice with six sides\). The D6 Edition limits the wargear and other upgrades a unit can take to battle.](#)
2. [Empires D10 Edition: Uses a D10 \(a dice with ten sides\).](#)
3. [Empires D20 Edition: Uses a D20 \(a dice with twenty sides\).](#)
4. [Empires Diceless Edition: Does not use dice to determine events but a consistent average accuracy instead \(a lot easier than it sounds\).](#)

Once you have chosen the right dice system for you, click on the linked name above and it will transport you to the next step.

Empires D6 Edition

Empires D6 Rulebook

Contains the core rules needed to play a game of Empires including army sheets and unit information.

The Empires Rulebook is a \$0.99 download:

<http://www.wargamevault.com/product/118037/Empires-D6-Edition>

Useful Downloads to Start With

1. Empires Campaign Rules

For those just starting out, a campaign ruleset is the best place.

The Empires Campaign Rules outlines different ways of playing each game from the scenery on the table to changing mission parameters.

Campaign rules also give players the chance to play against others in the bid to win the campaign.

The Empires Campaign Rules are a free download:

<http://www.wargamevault.com/product/117705/Empires-Campaign-Scenarios>

2. Empires: Allies

A recent addition to the Empires series; the Allies ruleset not only marks out the relationship between fantasy races and whether or not they can ally but also what happens between a team game if two players choose to be 'Questionable Allies'.

The Empires: Allies ruleset is a free download:

<http://www.wargamevault.com/product/125359/Empires-Allies>

Historical Gaming

Some players enjoy playing Empires using set rules for a favoured army of antiquity. Empires caters for this by currently offering two specific historical army rulesets:

- Empires: The Roman Army D6 Edition
<http://www.wargamevault.com/product/120809/Empires-Roman-Forces-D6-Edition>
- Empires: The Celts D6 Edition
<http://www.wargamevault.com/product/120946/Empires-Celtic-Forces-D6-Edition>

Each ruleset not only has special rules that affect that army, but also unique weapons, characters and unit types.

These rulesets start from \$0.50 to download.

Additional Download for Historical Gaming

Empires: Byzantine Lancer Cataphracts

This ruleset contains the background and rules for using Byzantine Lancer Cataphracts in an Empires game.

Empires: Byzantine Lancer Cataphracts is a free download:

<http://www.wargamevault.com/product/124544/Empires-Byzantine-Cataphract-Lancers?term=byzantine+>

Fantasy Gaming

Empires: D6 Fantasy Expansion

The fantasy world would not be the same without beasts, magic and wizards, so we added these into Empires as an excuse to use our dragons and sorcerers on the gaming table.

The Fantasy Expansion contains rules for the many beasts (good and evil) you can control; the three wizards and their various spells that can be used in an Empires game.

The Empires: D6 Fantasy Expansion costs \$0.50 to download.

<http://www.wargamevault.com/product/119283/Empires-D6-Fantasy-Rules--Beasts-Wizards-Magic-and-Spells>

Empires: Fantasy Campaign Rules

The same as the Empires: Campaign Rules download, there is also an Empires: Fantasy Campaign ruleset. In the file contains different scenarios to try and also new upgrades to give to your leader for them to use throughout the campaign.

The Empires: Fantasy Campaign Rules are a free download:

<http://www.wargamevault.com/product/120314/Empires-Fantasy-Campaign-Scenarios?term=empires+fantasy+ex>

Fantasy Armies

For those that enjoy using fantasy armies, there are currently three different races to choose from:

- Empires: The Dwarven Forces D6 Edition
<http://www.wargamevault.com/product/121601/Empires-The-Dwarven-Forces-D6-Edition>
- Empires: The Elven Forces D6 Edition
<http://www.wargamevault.com/product/122992/Empires-The-Elven-Forces-D6-Edition>
- Empires: The Undead Army D6 Edition
<http://www.wargamevault.com/product/125234/Empires-The-Undead-Army-D6-Edition?term=empires+undead>

Each ruleset not only has special rules that affect that army, but also unique weapons, characters and unit types.

These rulesets start from \$0.50 to download.

Additional Downloads for Fantasy Gaming

Empires: The Hydra

This ruleset contains the background and rules for using the Hydra dragon in an Empires Fantasy game.

Empires: The Hydra is a free download:

<http://www.wargamevault.com/product/121462/Empires-The-Hydra?term=empires+hydra>

Empires: Night Elf Assassin

This ruleset contains the background and rules for using a Night Elf Assassin in an Empires Fantasy game.

Empires: Night Elf Assassin is a free download:

<http://www.wargamevault.com/product/123088/Empires-Night-Elf-Assassin>

Empires: Daemon

This ruleset contains the background and rules for using a Daemon in an Empires Fantasy game.

Empires: Daemon is a free download.

<http://www.wargamevault.com/product/125021/Empires-Daemon>

Empires: Colossus

Empires: Colossus is an add-on to the Empires: D6 Edition, therefore, the Empires: D6 Edition is required to use this add-on.

Empires: Colossus brings more unpredictability to the game by using a new dice mechanic which changes the way units charge and defend themselves.

Empires: Colossus contains the new rules and updated unit types from the Empires: D6 Edition.

Empires: Colossus costs \$1.49 to download:

<http://www.wargamevault.com/product/123556/Empires-Colossus>

Compatible Colossus Downloads
